This is really a story book land.

When the U.S gets burned up we might  
have to relocate here.

I am wild about this place.

Remember Asians are dark skinned  
people, so that makes them 'Soul Bros'  
and 'Soul Sisters.'

Will get some 'The Temple  
robbings' tomorrow.

'How near I to know there was  
a party going on?'

See you 'Round Eyes' Later

Love Mike
